NFS Trading Guidelines Information:

Nationwide Financial will monitor electronic trades for individual plan participants and apply the following guidelines to limit abusive trading practices. Upon completing eleven (11) trades within two consecutive quarters of a calendar year or upon completing twenty (20) trades within a calendar year, a Participant will be restricted from requesting additional electronic trades for the remainder of the calendar year. Participants who become restricted from additional electronic trading may continue to request trades via U.S. mail. The restriction will be effective until the next calendar year at which time the restriction will be lifted. In addition to the Nationwide Financial monitoring policy, trading policies may be in effect on some of the mutual fund options in your plan. These policies can vary from fund to fund and may also result in a trade restriction or a redemption fee. Please consult the prospectus of each fund that you are invested in to determine what, if any, trading policy is in place for that fund.
